

PTPTN Supports Outstanding SPM Student Through ziarah Kasih Programme

By Bernama-15 April 2026 @06:38PM

KUALA LUMPUR—The National Higher Education Fund Corporation (PTPTN) is strengthening its corporate social responsibility (CR) commitment through the PTPTN Ziarah Kasih Programme, aimed at assisting asnaf (tithe recipient) groups while fostering closer ties with the community.

PTPTN presented a contribution to an outstanding SPM 2025 student, Nur Surfina Arissa Shukri Abdullah, who scored 8As, at her home in Penang. The contribution was delivered by PTPTN Chairman Datuk Seri Norliza Abdul Rahim along with other officials. Nur Surfina is an only child who recently lost her mother to cancer just days before Aidilfitri. To support her, PTPTN provided RM1,000 through a Simpan SSPN Prime account to help with her preparation for higher education. PTPTN hopes the contribution will encourage her to continue pursuing her goals despite her loss. Simpan SSPN offers various benefits, including tax relief, takaful protection, matching grants, competitive dividends, and government guarantee. Additionally, under Budget 2025, the government expanded the Matching Grant (GAPAI) eligibility to families earning between RM4,000 and RM6,000. Simpan SSPN Plus also provides monthly savings packages with takaful protection of up to RM1.2 million.
